

FOR IMMEDIATE RELEASE

HEALTHY LAWNS WORKSHOP

Best practices for Residential Landscapes

[GIDDINGS, TEXAS |April 21, 2025] – The Lost Pines Groundwater Conservation District (LPGCD), in collaboration with the Texas A&M AgriLife Extension Service-Lee County, invites residents to join us on Tuesday, June 17th from 1:00 PM to 3:00 PM for a Healthy Lawns Workshop, designed to raise awareness of best management practices for residential landscapes. This informative event will cover essential topics to help homeowners make environmentally and water conscious decisions in maintaining their yards and gardens.

Attendees will learn about:

- Turfgrass and landscape plant selection appropriate for local conditions, climate, and soil types.
- The importance of soil testing for effective nutrient management.
- Best practices for optimizing irrigation and improving water-use efficiency.
- Technologies, methods, and tools that support water conservation and reduce waste.

You can attend the workshop in person or virtually. The in-person session will be held at the LPGCD office meeting room at 317 E Hempstead St., Giddings, Texas 78942. Virtual participation via Zoom will also be available for those unable to attend in person.

The Healthy Lawns Workshop will take place on Tuesday, June 17th from 1:00 PM to 3:00 PM. Please register for the workshop by Friday, June 13th by 5:00 PM.

To register, please call (512) 360-5088 or email cmarks@lostpineswater.org.

This workshop is a great opportunity for homeowners looking to enhance their knowledge of water-efficient landscaping and sustainable lawn care. We hope to see you there!

ABOUT THE LOST PINES GROUNDWATER CONSERVATION DISTRICT

The Lost Pines Groundwater Conservation District is dedicated to the protection and conservation of groundwater resources in Bastrop and Lee Counties. Through educational programs, community outreach, and strategic resource management, the District strives to ensure sustainable water supplies for current and future generations.
