

**FOR IMMEDIATE RELEASE**

**PLEARN TO CONSERVE WATER WITH RAINWATER HARVESTING 101**  
*Free Community Session In Giddings*

[GIDDINGS, TEXAS | November 7, 2024] – Interested in learning how rainwater harvesting can help you conserve water and reduce your water bills? Join us for a FREE Rainwater Harvesting 101 session on November 19, 2024, at 6 PM at 310 S Grimes St, Giddings. This information session will provide practical tips and insights into setting up a rainwater harvesting system for your home and garden.

Space is limited, so make sure to reserve your spot by calling (979) 542-2753 today.

This session is hosted by Texas A&M AgriLife Extension and the Lost Pines Groundwater Conservation District (LPGCD) as part of our ongoing commitment to water conservation. Rainwater harvesting is an effective way to reduce strain on our groundwater resources while saving on utility costs. Join us as we work together to conserve our groundwater for future generations!

In the new year, we'll be hosting a hands-on rainwater harvesting workshop in collaboration with Texas A&M AgriLife Extension, where attendees can learn how to build their own rainwater harvesting barrels. This workshop is perfect for anyone with a New Year's resolution to conserve water and adopt more sustainable practices.

To stay updated on details for this upcoming workshop and other future programs, follow us on Facebook at @LostPinesGCD and @TexasAmAgrilifeExtensionServiceLeeCounty.

**ABOUT THE LOST PINES GROUNDWATER CONSERVATION DISTRICT**

The Lost Pines Groundwater Conservation District is dedicated to the protection and conservation of groundwater resources in Bastrop and Lee Counties. Through educational programs, community outreach, and strategic resource management, the District strives to ensure sustainable water supplies for current and future generations.
